The Art of The Mix

If you have attended Mixing 101 and want to know more or have been mixing on your own and still feel that your mixes are lacking something, then this advanced mixing workshop will help you get the result you desire faster.

Setting Up A Good Listening Environment In A Bad Situation

- Understanding basic control room acoustics
- Using simple room measurement software
- Calibrating your DAW meters and Speakers levels

The Different Mix Approaches - ITB/OTB or Hybrid

- How to setup for the different methods
- All about software console emulation

Tips N Trick

- Creating stereo from mono
- Creative use of EQ / dynamics
- Psychoacoustics - don't let your eyes/mind fool your ears

Deconstruction Of A Commercial Mix

A commercial song will be analysed and all the techniques and approaches used will be laid bare for all students to see and hear

One day workshop @ 6 hours. S\$800 per person
